

### **Our Place in the World—Bringing a Ripple of Hope through the photo exhibition project**

Singapore will be commemorating her Bicentennial in 2019, and as we celebrate her journey, we are reminded at the same time that there are those around us who are underprivileged and marginalised. In a collaborative effort, Singapore’s Speaker of Parliament, Mr Tan Chuan-Jin, together with Far East Organization, Hope Initiative Alliance, Arts@Work, and 12 charities are working together to raise funds for the vulnerable communities both locally and beyond.

Mr Tan’s latest personal photography compilation, **“Our Place in the World”**, showcases images of his travels over the years, and through his perspectives, he shares how each of us, however different, are united by humanity. Through this exhibition and the sales of items like photo books and prints, the organisers aim to bring hope to those who need it.

SHINE serves more than 5,000 young persons, aged 5-21 years old, every year. We aspire to develop their 5Cs’ of competence, confidence and character; meaningful connections with their families and society and a sense of care towards others. Additionally, we strive to guide them to steer clear of crimes and keep them positively engaged in school.
